Welcome Back!

Greetings from Principal Kristen

August 28, 2020

Hello Parkview Families,

I hope that you and your family are healthy and doing well. This has been an exceptionally stressful few months with the COVID-19 pandemic and the pandemic of systemic racism in our country and in our city. We know that our students and families need healing and connections with their teachers, staff, and classmates. We will provide those through our morning meetings, synchronous learning, and other outreach.

This school year, Roseville Area Schools will not only be prepared to provide instruction in distance learning, blended learning, and (hopefully) in-person learning, but we will also provide childcare for Tier 1 critical workers, children of RAS staff who attend our schools and as many additional families as we can. We will also continue to provide and deliver meals to all families who need it with purchase or with completion of the Educational Benefits form.

Your child's school day during distance learning will include a combination of synchronous (all together with the teacher) and asynchronous (working on their own) learning. Each teacher will provide their specific schedules to you.

As you know, we all have to be flexible this year. If and when we move to Blended Learning, where students alternate attending in-person and learning from home, we will also offer a Distance Learning Academy. This will require all of our class lists to be reorganized, depending upon the number of families who register for the Distance Learning Academy September 14 - 18. *(More information to follow)*

We support our families' choices to return in-person or in the distance learning academy, knowing that each family situation is unique. Please know that, while a new class or teaching structure may complicate things for our youth, it also creates the opportunity for more caring adults to know and support your beautiful child.

Thank you so much for choosing Parkview. We love all our students and look forward to teaching and learning together again! We'll "see you" on the first day of school, *Tuesday, September 8* for grades 1-6 and *Wednesday, September 9* for Kindergarten!

Kind Regards,

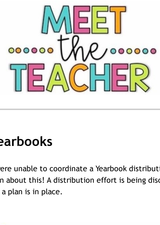
Kristen

Meet Your Teacher

We are not able to offer a Back to School Open House this year due to COVID-19.

Instead, we will host individual Meet the Teacher sessions during the first week of school in the teachers' classrooms or outside with social distancing practices or via Zoom. During this time, you will meet the teacher; create a Learning Contract between the family, child, and teacher; pick up learning materials; pick up requested technology; and complete the educational benefits form and technology contract. More information will be coming from your teacher.

If you are not able to make this time in person, a Zoom meeting is available and materials distribution can be arranged. To minimize the number of people in the halls, there will be specific start and end times for families. This will also be communicated soon.



Parkview Yearbooks

Yearbook Delivery

Unfortunately, we were unable to coordinate a Yearbook distribution over the summer. We haven't forgotten about this! A distribution event is being discussed and we will notify families once a plan is in place.

Updated School Supply Lists

We are currently modifying our School Supply Lists to accomodate our distance learning structure. Teachers are mindful of the possibility of moving into a blended learning option at a later time. We will release an updated List next week!

Feeding Bodies, Fueling Minds

Fall Meals - Home Delivery (beginning Sept 8th)

Please complete the Home Meal Delivery Survey to request home-delivered meals for your students during distance learning. If you choose not to participate now, you may request meals later but service may be delayed for up to one week. Meals will be delivered once a week. District information on reopening can be found here.

Our Nutrition Promise to Parents, Students and Staff!

We promise to provide a variety of wholesome foods that students love and that also fit into the USDA guidelines.

- Our menus feature whole grains, lean proteins, low fat dairy, fruits and vegetables to support healthy, balanced meals
- Menu items include local and/or organic fruits, vegetables, protein and grains when possible and we are continuously expanding our Farm2School efforts
- All foods and beverages served in schools meet or exceed state and federal requirements and the Healthy Hunger Free Kids Act of 2010.

Apply Online!

Free & Reduced Meal Application

We are pleased to offer applications for Free and Reduced Priced Meals online.

The process is SAFE, SECURE, PRIVATE and accessible 24 hours a day.
